Dear Colleagues,

We are pleased to announce the XXVII edition of the Italian Society of Plant Pathology (SIPaV) Congress entitled “New Frontiers in Plant Pathology: Green Deal and Innovation”. The event will take place at the Department of Agricultural, Food and Forest Sciences (SAAF), University of Palermo, from 21st to 23rd September 2022.

We are particularly happy that this conference is an opportunity to finally meet again after two years of forced distance. The organization will be by the Department of Agricultural, Food and Forestry Sciences (SAAF) of the University of Palermo. The program includes reports of four prestigious international scientists in different Plant Pathology fields. During the Conference the “Giovanni Scaramuzzi” SIPaV Award will be assigned, while the three best posters will receive the “Best Poster Award” in the final day.

The General Assembly will be held on Thursday 22nd September and will represent a further opportunity for the community of Italian plant pathologists to exchange new ideas.

Congress venue

Main Lecture Hall (Aula Magna), Department of Agricultural, Food and Forest Sciences (SAAF), University of Palermo, Viale delle Scienze, Bld. 4 – 90128 – Palermo (PA)
